

## Declaration of consent from legal guardians

For use with minors under the age of 12 if the legal guardians are not at the venue, e.g. for children's birthdays, school or club trips, taking friends of your own children with you, etc.

First name & last name of legal guardian \_\_\_\_\_

Address \_\_\_\_\_

Emergency mobile number / phone number \_\_\_\_\_

I hereby agree that my child / children \_\_\_\_\_  
is/are allowed to do stand-up paddling.

I have taken note of the following information and disclaimers and advised my child:

- Each participant must be physically fit & healthy and able to swim. We recommend that you master the requirements of the "Silver" youth swimming badge, including knowledge of self-rescue, as well as protection with life jackets.
- Other water sports enthusiasts - especially swimmers – must be respected in the water.
- Material: The equipment must be treated with care during the entire period of use. In particular, driving onto obstacles such as tree trunks or stones near the bank must be prevented. Customers are liable for damage and loss of the board and paddle. Any damage or loss that arises must be reported immediately.
- Rental period: The timely return of the rental material must be observed. For this purpose, waterproof watches can be borrowed from the provider. In the event of a late return, we are entitled to charge a delay surcharge of € 10 in addition to the time proportionate rental fee - this applies in particular if another customer has to accept waiting times due to the late return. In the event that subsequent customers cancel their booking due to the delay, the customer responsible for the delay must compensate for the failure.

The late delivery of booked rental material, which the provider is not responsible for, does not entitle customers to exceed the booked period. In the event of a shortened rental period, the customer will receive a voucher, or the booking rate proportionate to unused rental time.

If a customer does not appear on a booked date, we are entitled to rent the material to someone else after a delay of more than 15 minutes.

- Nature: The beach area, the riparian zone, the entrance and the lake are natural - there is a risk of injury from pointed stones, branches, etc.; we recommend wearing water shoes. The flora and fauna of the water and land areas must be treated with care and with due consideration.
- Cloakroom and valuables: customers are responsible.

I agree that the accompanying caregivers / adults can make decisions on site. I have pointed out to my child that it must follow to the instructions of the instructors.
